GRADE LEVEL SPOTLIGHT

2nd Grade

Second grade students have really been working hard. In social studies we are learning about geography. Students will be able to identify and differentiate between different types of landforms. In Math, we just finished our unit on 3-digit addition and will be moving onto 3-digit subtraction, which is always fun and challenging.

In reading, students will be learning about fables and how to use prior knowledge to draw conclusions and predict events and understand characters feelings.

Our second graders have also been working very hard to prepare for their First Reconciliation on February 9. They have been learning about the different types of sin and how God's mercy allows us to be forgiven for our sins, so that we can live with Him forever in Heaven. They will be learning how to examine their conscience and the proper steps to a good confession. We are very proud of our students and all of their hard work.
